capacity: 0.98t x 6.44m maximum lifting height: 21.17m maximum working radius: 13.99m slewing range: 360° continuous boom angle: 80 - 95°

URW-7035

(0.98t x

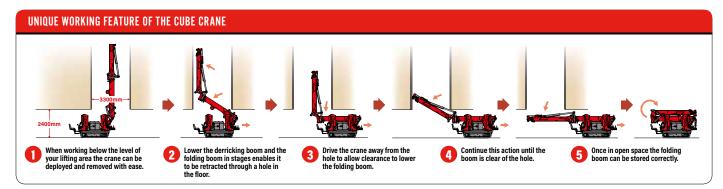

The Cube Crane is the most advanced mini crane in the world to feature a three section derricking boom, enabling it to be set at an 85°, 90° and 95° angles, making it extremely versatile for some of the most restricted access and confined lifting projects.

The Cube Crane benefits from innovative, multi-position outrigger configurations, enabling this miniature crane to work and operate safely around obstacles on site. This compact crane features a safety load indicator system with an over winding alarm and intelligent voice warning system for optimum safety during lifting operations. The upgrade to the radio remote incorporating Bi-axis joysticks and feedback display providing the operator all information they require.

Featuring nearly a tonne of lifting capacity, this mini machine also benefits from a lifting height of 21.1 metres and a horizontal reach giving a maximum working radius of 13.99m. At just 1.5m wide, this compact crane can gain access through a standard double doorway and can easily move around corners thanks to its ability to reposition the boom whilst travelling to its install location.

THE UNIC MINI SPIDER CRANE RANGE UNIC mini spider cranes are the world's most compact cranes. The combination of pioneering design, precision manufacturing, and innovative technology gives these cranes incredible capacity and reach for such compact machines. UNIC mini cranes have the flexibility and capabilities to assist in a huge variety of lifting situations from internal and confined lifting through to glass installation, steel erection, machinery removal, railway maintenance and more. Wherever access is restricted or working space is confined, UNIC mini spider cranes are the only solution. **URW-095** URW-094 0.995t x 1.5m Crane capacity Crane capacity 0.995t x 3.5m 5.6m Max. lifting height Max. lifting height 8.8m Max. working radius 5.17m Max. working radius 8.41m 1000ka 1850ka Weight Weight **URW-245** ECO-UNIC 0.995t x 3.5m Crane capacity (095) 2.4t x 1.5m Crane capacity (295) 2.9t x 1.4m Crane capacity **WBE - ON WHEELS** Max. lifting heigh 6.3m Max. lifting height 8.9m 5.85m Max. working radius Max. working radius 8.41m 1500kg Weight 2425kg Weight **ECO-UNIC URW-295** Crane capacity (095) 0.995t x 3.5m Crane capacity (295) 2.9t x 1.4m Crane capacity 2.9t x 1.4m **CBE - ON CRAWLERS** Max. lifting height 8.8m 8.9m Max. lifting height Max. working radius 8.41m Max. working radius 8.41m 1850kg Weight 2350kg Weight **URW-376 URW-506** Crane capacity 2.9t x 2.5m 3.0t x 3.4m Crane capacity Max. lifting height 14.9m Max. lifting height 16m Max. working radius 14.45m 15.52m Max. working radius Weight 3850kg Weight 4840kg **URW-706 URW-547** Crane capacity 4.0t x 2.5m Crane capacity 6.0t x 3.0m Max. lifting height 18.2m Max. lifting height 19.5m 17.83m Max. working radius Max. working radius 18.6m Weight 5010kg 7920kc Weight URW-706-2 **URW-1006** 6.0t x 3.0m 10.0t x 3.0m Crane capacity Crane capacity Max. lifting heigh 19.5m Max. lifting height 22.8m Max. working radius 18.6m Max. working radius 21.9m 8220kg 14000kg Weiaht Weiaht
